

Have an interest in Hair Design, Nail Technician, or Make-up Artistry?

- This pathway will give you an idea about what employment is like in fields relating to make-up artist, hair stylist, and nail technicians.
- Throughout the three courses of the pathway you will learn about employability skills, history, anatomy, chemistry, hair coloring, cutting, and styling, professionalism, and communication.
- Students have opportunities to complete live work on real patrons. Students work on completing hours towards their certification.

Skills USA is a partnership of students, teachers and industry working together to ensure America has a skilled workforce. Skills USA helps each student excel. We provide educational programs, events and competitions that support career and technical education (CTE) in the nation's classrooms.

Skills USA is the Career Technical Student Organization (CTSO) for this pathway. Students will have opportunities to compete with other schools in the state and nationally. This CTSO also serves as a networking platform for students and offers scholarships

COSMETOLOGY PATHWAY

TEACHER: WENDY McBROOM
WMcBroom@paulding.k12.ga.us

Introduction to Personal Care Services Course 1

Students will learn about the cosmetology industry and the basics of personal care.

Cosmetology is the practice of cosmetic treatment to the skin, hair, and nails.

Students will participate in hands-on skills activities to determine which area they would like to pursue. The environment is energetic and students are able to make lasting relationships with clients.

Cosmetology Services II Course 2

Students will learn about the anatomy of hair and skin. Students also learn how to keep the environment safe and clean.

Students will engage in hands-on learning with hair care, hair styling, waving hair, skin care, and applying makeup.

Students begin theory work on chemical services to prepare for more hands-on during Cosmetology Services III.

Cosmetology Services III Course 3

Students will learn work ethics, communication, critical thinking, and soft skills.

Students will engage in hands-on learning with cutting hair, hair color, and relaxers.

Students can earn up to 450 hours with the completion of the pathway. Student's goal is to earn 1500 hours to sit for a board exam to become a licensed Master Cosmetologist.
